### Precision gauge with hose

with coupling tongue parts for gas compartments with C4-FN (M48x2, M28x1.5)

#### For precise pressure control in gas compartments

The digital precision gauge allows precise determination of pressure in gas compartments.

The connecting hose for measuring devices is equipped with a self-closing coupling so that any gas can escape into the atmosphere during the testing process. The device can be transported comfortably and safely in the handy plastic case.
